

0/Unscorable

I did not write anything -or- I wrote about something else.

1 - ONE

I wrote very little about my topic. I introduced my topic but I do not have any details.

2 - TWO

I introduced my topic and gave a few details - but did not explain every idea.

3 - THREE

I introduced my topic. I gave details to explain most of my ideas. I concluded my writing.

4 - FOUR

I introduced my topic, gave a lot of details to explain my ideas, and I wrote a conclusion at the end.

5 - FIVE

I introduced my topic, gave a lot of descriptive details to explain my ideas, and I wrote a conclusion at the end. I also used figurative language (similes, metaphors, idioms).

6 - SIX

This is the very best example of writing on this topic. I introduced my topic, gave a lot of descriptive details to explain my ideas, and I wrote a conclusion at the end. I also used figurative language (similes, metaphors, idioms). My reader has a PERFECT picture in his head of my topic.
